THANKS FROM THE COMMITTEE

The Class of '70 Reunion Committee would like to express its sincere thanks to all who attended our ten-year reunion.

Many friendships were rekindled and many were started anew. The night was full of reminiscing, good times and pleasurable surprises. In the span of ten years, so many forces have expanded our lives; we've been given experiences we often have had no control of; we've acquired knowledge that somehow we already had possessed; and we have re-evaluated many of our goals and expectations to deliver a more desirable future.

Then, on one warm July night, as the dusk overtook the proverbial "Riverside Smog", we stepped into a time machine. As we entered Raincross Square, we were thrust back into the seventies with full anticipation and unsure expectations. Within minutes, we were exchanging glances, ransacking memory banks and putting aside our present-day worries and problems.

It is upon that reflection that I, personally, thank the following people, who put many unselfish hours of work into our/your "Ten-Year Class Reunion".
