40-YEAR REUNION**

Ramona High School Class of 1970 40-Year Reunion

A warm welcome to all Ramona Class of '70 alumni and guests! Tonight is a special night as we celebrate 40 years since we graduated from high school, and nearly 14 years since we last held an "official" class reunion. We're glad you took the time, energy, and expense to set aside this evening to gather with fellow classmates and friends, to reminisce about the old days, and to catch up on what everyone has been doing since you last saw them.

This memory book contains contact information for those alumni who responded, along with other information that can provide a springboard for conversation. Be sure to look for some of the recurring themes among the entries... maybe you have a specific hobby, memory, or favorite teacher in common with someone here tonight. And then there are the quirky entries just waiting to be discovered... can you find the millionaire among us? How about the most provocative e-mail address? Who has the most grandkids? Who had a secret crush on whom? And who found their soul mate at Ramona?

Have fun, and try to stay alive for our 50-year reunion!
