## Ramona High School Class of 1970 (50 + 1)-Year Reunion

A warm welcome to all Ramona Class of '70 alumni and guests! Tonight is a special night as we celebrate 51 years since we graduated from high school. We're glad you took the extra time, energy, and expense to set aside this evening during this COVID-19 pandemic to gather with fellow classmates and friends, to reminisce a little about the old days, and to catch up on what everyone has been doing since you last saw them... which, for some of you, hasn't been since graduation!

This memory book contains contact information for those alumni who responded, along with other information that can provide a springboard for conversation with those who are attending tonight. Be sure to look for some of the recurring themes among the entries... maybe you have a specific hobby, memory, or similar "advice to your younger self" with someone here tonight. And then there are the quirky entries just waiting to be discovered... can you find who has the most grandkids? Who had a secret crush on whom? Who found their soul mate at Ramona? And who's potentially available for rekindling an old relationship?

Have fun, and we hope to see you again ~~five~~ four years from now at our "Still Alive At 55"-year reunion!
